All 114 guests at the jetty by ~10:39am — approx. 21 minutes of buffer before the 11:00am deadline.

Notes

• Both buses run independently and in parallel — no shared stops between them.

• The 32-seat bus covers South Mission Beach, Wongaling Beach, and NALA Resort across 3 separate runs; the 24-seat bus covers the Mission Beach Assembly Point across 3 separate runs (its largest, closest-to-jetty pickup).

• Drive/boarding times are estimates based on map distances — pad by 5–10 minutes per stop if this is a firm deadline; there is currently ~21 minutes of buffer built in.

• Neither bus is at full capacity on its busiest run (29/32 on the 32-seater, 24/24 on the 24-seater) — some flexibility exists if a pickup runs long.

• Assumes the "Not Known" 9 guests and 5 unassigned guests are Assembly Point walk-ins, consistent with the Saturday and gala dinner schedules — confirm before finalizing.
